Tired Creek opponent wants meeting with local officials

Timber crews begin harvesting mature timber

A Leon County commission-r, who has voiced opposition to the proposed Tired Creek Reservoir project, has asked for an "informal meeting" with Grady County Commission Chairman Elwyn Childs and Commissioner Charles Norton.

Commissioner Dan Winchester's office contacted County Administrator Rusty Moye late last week seeking a meeting date.

"My feeling is that if he has anything to say, he can say it to the entire board. I'm not sure what he means by an informal meeting, but if he is not bold enough to speak in public, why bother with him?" Commissioner Norton said Tuesday night during the regular meeting of the county commission.

The other commissioners agreed and Administrator Moye was instructed to inform the Leon County official the dates of upcoming commission meetings and offer him a place on the agenda.

In other related news, County Administrator Rusty Moye reported to the board of commissioners this week that Balfour Lumber Company has begun logging the first tract on the Tired Creek property.

Balfour was the high bid and is instructed to harvest mature timber from a sectior the 2,000 acre tract. Tim crews go to work Saturc according to Moye, and the c pletion time will depend up the amount of rain experienc at the site.
