3rd Goal
Bringing
the World
Back Home

September 10, 2003

Dear Ms. Bush,

As a member of the steering committee of the Returned Peace Corps Volunteers of North Florida, it is my pleasure to inform you that we have voted to award Leon County Volunteer Services a grant of $300, to assist in printing copies of a booklet coordinating all of the locally available services. We felt your idea was sound and you have the needed resources and personnel to make the project work with a little additional help from our organization.

A check in the amount of $300 is enclosed, made out to Leon County Volunteer Services. We would like to request that within six months of receipt of this funding (March of 2004) you provide us with a brief update (including any success stories, photographs, letters from the beneficiaries or other mementos) indicating how the grant monies were used and how your project is faring. We plan to use this information to update our members in our newsletter, and to market our grant to other entities. Our RPCVNF members work hard selling RPCV calendars and coordinating other local fund-raising activities to support community projects, both locally and internationally, and they appreciate knowing the results of their efforts.

We look forward to hearing about your successes and challenges on this noteworthy project. Lastly, I want to thank you for enabling us to continue to achieve the third goal of the Peace Corps: *Bringing the World Back Home.* Please contact me at bdavis@fsu.edu or the Returned Peace Corps Volunteers of North Florida at the address on our letterhead if you have any questions.

Sincerely,

Barbara Davis
