RE: Exchange of right of way-Katydid Lane

Dear Mr. Pilcher:

This is a follow-up to our conversation regarding Katydid Lane. Since the county has a road which is not platted in the correct right of way, down the middle of my property, I would like to request that the county deed (exchange) their right of way to me, and the road Katydid remain where it is. This will allow me to utilize the west side of the property to place a mobile home, of course with the county's permission.

Please contact me at (850) 212-0054 if additional information is requested.

Sincerely,

Lorraine McKinnie
