

Recycling Brought To The Farm

Professional agriculture and pest control applicators now have a place to recycle clean, triple-rinsed plastic pesticide and crop protection containers.

The Leon County Hazardous Waste and Rural Waste Service Centers accept them for free. We work with the Agricultural Container Recycling Council to recycle these valuable plastics.

For more information, please call 606-1803 or visit our website: <http://www.leoncountyfl.gov/HHW/>

You can also visit the ACRC website at <http://www.acrecycle.org> for more information on their program.

This service is for EPA registered professional pesticides and non-EPA registered crop protection adjuvants. Household products are not included.

Containers must be clean, triple-rinsed, dry, and free of any residues. Normal staining of plastic is permitted. See the ACRC or our website for full details.

HAZARDOUS WASTE CENTER

Monday – Saturday, 8:00 AM – 5:00 PM

7550 Apalachee Parkway
Tallahassee, FL 32311

RURAL WASTE SERVICE CENTERS
