

CESQG page

All business, government, church and non-profit entities that fall under the US-EPA Conditionally Exempt Small Quantity Generator (CESQG) classification can dispose of their hazardous waste at the Leon County Hazardous Waste Center. Entities that fall under Small Quantity Generator (SQG) or Large Quantity Generator (LQG) classifications are not eligible.

CESQG entities are defined as follows:

Produce less than 100 kg (220 lb) of hazardous waste per month.

Produce less than 1 kg (2.2 lb) of acute or severely toxic waste per month

Accumulate less than 1,000 kg (2,200 lbs) of hazardous waste.

Payment may be made by cash, check, or credit card. Regular users may set up an account.

Current fee schedule is as follows:

Leon County Household Hazardous Waste Center

7550 Apalachee Parkway, Tallahassee, FL 32311

Fees for Handling Hazardous Waste from Conditionally Exempt Small Quantity Generators

Note: Fees are doubled for containers with foreign objects or contaminated material.
