

WHAT TO EXPECT AT THE POLLS

Voting should be a quick, satisfying experience if you follow a few simple steps. Here are some tips on what to expect at the polls on Election Day:

First, you are required to vote in the precinct where you live. Your voter information card shows your precinct number and polling place location. It can also be found on our website. The polls are open from 7:00 a.m. to 7:00 p.m.

Be sure to bring your picture and signature ID – such as a Florida driver's license – to the polls with you. To ensure a quick process, any changes to your name, address or political party affiliation since the last election should be updated with the Supervisor of Elections office prior to Election Day. If you do not show a valid picture and signature ID, you must vote a provisional ballot.

When you arrive at your precinct, a poll worker will ask to see your picture and signature ID, find your name in the precinct register and ask you to sign for receipt of your ballot. It is important that you review your ballot for accuracy prior to casting your ballot. Once your ballot has been accepted by the voting equipment, no further changes or corrections can be made.

Current and valid picture identifications required at polls:

- (a) Florida driver's license.
- (b) Florida identification card issued by the Department of Highway Safety and Motor Vehicles.
- (c) United States passport.
- (d) Debit or credit card.
- (e) Military identification.
- (f) Student identification.
- (g) Retirement center identification.
- (h) Neighborhood association identification.
- (i) Public assistance identification.

If the picture identification does not contain the signature of the voter, an additional identification that provides the voter's signature shall be required.

Polls are open from 7:00 a.m. to 7:00 p.m.
on Election Day

VOTING MACHINES

After you sign in at the polling place:

If you are disabled and wish to vote on the Touchscreen Unit, please tell the poll worker. All other voters must vote on the Optical Scan Unit.

Leon County Voting Methods:

Optical Scan – Optical scan is a paper ballot with filled-in ovals.

ADA Touchscreen Visual – ADA Touchscreen is where you will receive a voter activation card and a poll worker will direct you to the ADA Touchscreen machine.

ADA Touchscreen Audio – If you prefer to hear an audio version of your ballot versus the visible screen, please inform your poll worker.

Before you cast your ballot, be sure your ballot reflects your choices. Once your vote is cast, you cannot receive another ballot in that election. Voters can only cast one ballot in any election, but have three attempts to do so.
