

We appreciate your interest in voter participation for the 2012 Presidential General Election. The Supervisor of Elections Office is booked completely between now and the deadline to register to vote. We have events happening daily across the county and will have our mega Walgreens event on Saturday, October 6, 10 a.m. until 1 p.m. at all Walgreens in Leon County. Please check out our Community Calendar to see where we may be for a voter outreach event, and know voter registration sites such as public libraries, public schools and the New Leaf Market have voter registration every day they are open!
