### I. PURPOSE:

To provide the citizens of Leon County instruction on how to render aid until medical personnel arrive on scene.

### II. GENERAL GUIDELINE:

The Captain for Public Education will coordinate events for Leon County EMS personnel to provide first aid training.

### III. PROCEDURE:

Leon County EMS personnel should check-in with the Public Education Captain prior to the event to receive the details of the assignment along with contact information for the individual in charge at the event. Upon arrival at the training, the crew should locate the individual in charge. EMS personnel should cover these key points during the training:

- Scene surveys
- Soft-tissue injuries
- Fractures/dislocations
- Shock
- Burns

Prior to leaving headquarters after the conclusion of the event, the crew is responsible for completing a run report in HealthEMS.
