

LEON COUNTY E.M.S.
Standard Operating Guideline

Title: Stroke Awareness
Effective: December 2012
Reviewed: December 2012
Revision: New
Pages: 1

I. PURPOSE:

To provide the citizens of Leon County with a stroke prevention and awareness program.

II. GENERAL GUIDELINE:

The Captain for Public Education will coordinate events for Leon County EMS personnel to promote stroke awareness.

III. PROCEDURE:

Leon County EMS personnel should check-in with the Public Education Captain prior to the event to receive the details of the assignment along with contact information for the individual in charge at the event. Upon arrival at the event, the crew should locate the individual in charge. EMS personnel should use the American Stroke Association's Power to End Stroke program to educate the participants.

Prior to leaving headquarters after the conclusion of the event, the crew is responsible for completing a run report in HealthEMS.
