

# "Fish, Fish, and More Fish"

(A Very Fishy Word Search by Gary Crew, Summer 2010)

Find and circle the word "FISH" and all of the 38 other kinds of fish shown in the word list below in the grid; words may run up or down, left or right, or diagonally. When you've found all the words, the 16 unused letters (when read from top to bottom, and left to right) will spell a message.

(NOTE: There's a "LING" in "GRAYLING" and a "FISH" in "ARCHERFISH" and "SWORDFISH"; but you have to find these two words *separately*.)
