

# Pop-up Frog Card

## Supplies needed:

- Two pieces of construction paper (use 2 different colors)
- Scissors
- Glue      Markers or crayons

## Directions:

- Fold two rectangular pieces of construction paper in half. One piece will be the outside of the card and one piece will be the inside. 
- Cut a straight line perpendicular to the fold in the middle of one of the pieces of paper. 
- Fold down the paper on each side of the cut you just made. 
- Cut a short, straight line on the top fold (do not cut all the way to the edge of the paper). 
- Fold down the paper on each side of the cut you just made. 
- Unfold the folds and open up the card. 
- Carefully pop the frog's mouth and eyes so that they bulge towards the inside of the card. 
- Draw half a frog around the mouth and eyes (draw the head, a leg and a foot). 
- Glue the other piece of folded construction paper to the back of your card. 
- Cut along the half-frog drawing you made in the previous step. 
- Fold the card up. 
- Now cut the other half of the frog out. 
- Open up your card and decorate your frog if you'd like - you can give it warty skin, stripes, and eyeballs (drawn on the underlayer). You might even want to glue on a long pink tongue (make sure that the tongue fits inside the card when you fold the card up). 
- Write a message in the card.
