The cover of the FY2002/2003 Citizen's Guide to the Budget and Directory of County Services depicts a night scene of the Leon County Courthouse. The picture also captures a magnificent view of the World War II Memorial, located on the Courthouse grounds. The Board of County Commissioners, local veterans and other members of the community dedicated the World War II Memorial on November 11, 2001. The actual memorial was funded completely through private donations.
