The Warehouse procures, stocks, and issues high turnover type items to facilitate the work routines of County departments.

Leon County follows an annually updated five-year planning cycle, as reflected in the LEADS/Strategic Plan Section. As part of the Leon LEADS Strategic Planning process, the County Administration Business Plan communicates the continued alignment of the Board's strategic priorities and initiatives with the department's actions and performance measures. The Business Plan is a road map and a broad plan of action for accomplishing the Board's priorities and serves as a gauge to assist the department in measuring outcomes of the Strategic Plan.

Highlights

During FY 2025, the County was recognized for its leadership and innovation by the National Association of Counties (NACo), earning seven more Achievement Awards recognizing Leon County programs and initiatives as nationwide best practices. These awards recognize cost-effective, high-quality services that Leon County provides to citizens. This year's awards bring the County's total to an impressive 118 Achievement Awards received since 2013.

County Administration, with direction to Community and Media Relations (CMR), continues to demonstrate leadership and innovation by advancing several impactful initiatives that strengthen public engagement, safety, and resilience. These initiatives include a full redesign of the Leon County Citizens Connect App and Emergency Information Portal to ensure a user-friendly experience and serve as critical tools for enhancing public safety and disaster resilience with real-time updates before, during, and after emergencies; the successful execution of the tenth annual Created Equal event, which brought more than 550 community members together to discuss race relations and encourage communication among all members of the community featuring live musical performances; and hosting the tenth annual Leon Works Expo, connecting more than 1,000 high school students with nearly 80 academic institutions, private businesses and public sector partners. Administration and CMR continued to lead in citizen engagement efforts, including the Citizen Engagement Series events and the Operation Thank You Initiative honoring local veterans. Additionally, CMR elevated disaster preparedness and public safety messaging through the LeonReady.com website and, for the first time ever, distributing the County's Disaster Survival Guide to every household in Leon County. The team further supported local neighborhoods and organizations through ongoing disaster training opportunities. Through these efforts, CMR delivered exceptional public information and communications strategies across all County work areas. In 2025, CMR was recognized with ten state and national awards for outstanding public relations from the Florida Public Relations Association (FPRA) and the National Association of County Information Officers (NACIO). The County set a new record for most statewide awards received from FPRA in the County's history and nearly twice as many awards as any other single agency or organization with six Awards of Distinction, one Judges' Award and the

Leon County Community and Media Relations (CMR) team being awarded with the Government Team of the Year Silver Pinnacle Award. Additionally, the County earned two NACIO Awards of Excellence with both awards receiving the Best of Category designation.

Human Resources remains at the forefront of talent management by guiding essential functions including recruitment, hiring, compensation, employee recognition, training, employee relations, benefits administration, and regulatory compliance at the state, local, and federal levels. Our strong partnerships with Lively Technical College, Tallahassee State College, and Leon County Schools play a vital role in sustaining a consistent pipeline of Junior Apprentice applicants. This also resulted in a new partnership with Tallahassee State College's new Tallahassee Collegiate Academy in FY 2025, which provided an increase in eligible high school students to participate in the program. These collaborations offer youth valuable on-the-job experience and help prepare them for future opportunities within Leon County Government. Additionally, the department remains committed to employee well-being through the ongoing success of the "Live Well Leon" wellness program, which supports a healthy workforce by focusing on five core areas of wellness which include: Community, Physical, Career, Financial, and Social.

Annually, Volunteer Services provides local organizations and agencies training on volunteer management. Volunteer Services also coordinates the Big Bend Community Organization Active Disaster (COAD) which is an organization composed of community and faith-based groups that collaborate in the planning and coordination of volunteers and resources during emergency events. Furthering on the need for skilled volunteers in an emergency, Volunteer Services also operates the Leon County Disaster Volunteer & Donation database to support additional community needs during a disaster. Additionally, Volunteer Services manages Get Connected, a volunteer engagement and management platform that helps nonprofits find and pair volunteers with opportunities that align with their goals.

Purchasing continues to expand the use of electronic documents, including the implementation of electronic purchase orders, electronic requisitions, and direct payment approvals. Purchasing continues to serve citizens faster and more easily with an online procurement system called OpenGov Procurement. This system provides vendors instant access to many different services and processes such as, instant access to bids, requests for proposal, invitations to negotiate, and various other solicitation documents. These initiatives allow vendors, staff, and other interested parties to obtain copies of purchasing and solicitation documents in a more efficient and cost-effective manner, while promoting sustainability by reducing the use of paper, further demonstrating the County's commitment to sustainable business practices. FY 2025 saw updates to the Purchasing Policy, continued outreach to minority business owners via attendance at the Black Business Expo and MED Weeks, as well as internal workshops to train staff on best practices when making emergency purchases.

Real Estate Management continues to lease vacant space in County-owned buildings. Real Estate Management also manages the inventory of County-owned properties, processes tax deeds, and identifies appropriate properties for County and Constitutional Offices' space needs.

The Leon County Assessment is anticipated to take approximately one year to complete. Combined (Attendance and Subscriptions)	18,800	30,100	21,600	30,800	25,000	126,300

Note: Since the start of FY 2022, the County increased the number of citizens engaged through County platforms subscriptions and programming attendance by nearly 96,200 citizens, 96% of the County's five-year Target. Within the first two quarters of FY 2025, the County reached 25,500 citizens through subscription platforms and programming attendance. This includes over 5,300 citizens reached in programs at the libraries, with the Citizen Engagement Series, Created Equal programs, as well as nearly 20,200 social media, bulletin and email subscribers.

Target: Communicate more than 2 million disaster preparedness messages to create resilient households, businesses, and nonprofits. (T16)

	FY 2022	FY 2023	FY 2024	FY 2025	FY 2026*	TOTAL
Disaster Preparedness Messages	613,000	787,000	1,890,000	800,000	800,000	4,890,000

Note: Since FY 2022, Leon County Emergency Management communicated disaster preparedness messages approximately 3.6 million times, 180% of the County's five-year Target. This number reflects the County's increased level of communication associated with the COVID-19 pandemic, such as promotion of the Leon CARES and COVID-19 Vaccine campaigns, as well the County's preparation and response efforts related to Hurricane Ian (September 2022) and Hurricane Idalia (August 2023). At the January 2024 Retreat, the Board approved increasing the five-year Target to communicate more than 2 million disaster preparedness messages (was previously 1.4 million); however, this increase did not account for any future incidents that may take place and the associated increase in disaster preparedness messaging/impressions. Most recently, the County led an increased level of communication in response to the squall line of storms in January 2024, the Bicentennial Storm in April 2024, the severe tornadoes that hit the community on May 10, 2024, as well as Hurricane Debby and Helene preparedness messaging. As a result, the County has continued to exceed its Strategic Target in communicating disaster preparedness messaging due to another unprecedented year of emergency activations and response to threats in our community in FY 2024.

*Bold Goal & Target figures for FY 2025 and FY 2026 are estimates. Actuals for FY 2025 will be reported at the Annual Board Retreat in January 2026.

Notes:

- 1. Since the start of FY 2022, the County increased the number of citizens engaged through County platforms subscriptions and programming attendance by nearly 96,200 citizens, 96% of the County's five-year Target. Within the first two quarters of FY 2025, the County reached 25,500 citizens through subscription platforms and programming attendance. This includes over 5,300 citizens reached in programs at the libraries, with the Citizen Engagement Series, Created Equal programs, as well as nearly 20,200 social media, bulletin and email subscribers.
- 2. Since FY 2022, Leon County Emergency Management communicated disaster preparedness messages approximately 3.6 million times, 180% of the County's five-year Target. This number reflects the County's increased level of communication associated with the COVID-19 pandemic, such as promotion of the Leon CARES and COVID-19 Vaccine campaigns, as well the County's preparation and response efforts related to Hurricane Ian (September 2022) and Hurricane Idalia (August 2023). At the January 2024 Retreat, the Board approved increasing the five-year Target to communicate more than 2 million disaster preparedness messages (was previously 1.4 million); however, this increase did not account for any future incidents that may take place and the associated increase in disaster preparedness messaging/impressions. Most recently, the County led an increased level of communication in response to the squall line of storms in January 2024, the Bicentennial Storm in April 2024, the severe tornadoes that hit the community on May 10, 2024, as well as Hurricane Debby and Helene preparedness messaging. As a result, the County has continued to exceed its Strategic Target in communicating disaster preparedness messaging due to another unprecedented year of emergency activations and response to threats in our community in FY 2024.
- Bold Goal & Target figures for FY 2025 and FY 2026 are estimates. Actuals for FY 2025 will be reported at the Annual Board Retreat in January 2026.

- 3. The number of participants is expected to increase in FY 2025 and FY 2026 as the County reaches more residents about disaster preparedness through the Disaster Survival Guide, Neighborhood Readiness Trainings, and increased engagement with Billy the Bucket, the County's disaster preparedness mascot. Additionally, Created Equal attendance is anticipated to increase as the County continues to engage community members, including students at FAMU and FSU.

Notes

- 1. This performance measure fluctuates from year to year depending on the organization's needs.
- 2. This performance measure varies each year as the County continues to evaluate succession planning, internal candidates, and qualified external candidates.
- 3. This figure represents the count of job offers extended to potential hires who apply through external channels such as Indeed, LinkedIn, Monster, and other hiring sites.
- 4. The metric for the average days to fill vacant positions fluctuates based on the number of positions being advertised, the various position types, particularly the "hard to fill positions" and those positions that remain "open until filled."
- 5. The projected turnover rates for FY 2025 and FY 2026 are expected to decrease slightly due to a more competitive job market.
- 6. The projected increase in FY 2025 and FY 2026 participation is reflective of the continued efforts to expand the variety of programming offered through the Live Well Leon program. HR offers a variety of Breakfast-n-Learns/Lunch-n-Learns topics as well as the annual Souper Bowl and Walking Challenge, which both saw increased participation in FY 2024. HR continues to offer opportunities for employees to engage with other Well-being programs that have been held since 2022, such as: the Springtime Tallahassee Race, Turkey Trot, and exercise classes. Human Resources also continued to provide on-site open enrollment assistance to Public Works and EMS in conjunction with the annual Benefits and Well-Being Fair.
- 7. Completion of Value Based Design My Rewards Program anticipated a slight increase over FY 2024. Human Resources will continue to promote this program through New Employee Orientation, All Employee Emails, Open Enrollment and department engagement. Staff turnover in some of the departments and Constitutional offices may have contributed to the decline in participation, as new staff members may not have fully understood the My Rewards program.
- 8. The anticipated decrease in FY 2025 and FY 2026 is due to the FY 2024 partnership with Survive and Thrive Advocacy Center (STAC) and the Leon County WellBeing team to provide tailored Human Trafficking Awareness Training to several departments and hosted a county-wide training open to all employees. The County continues to host interactive county-wide trainings to continually increase employee development, delivery of effective feedback, as well as personal awareness and success. Additionally, New Supervisor and Advanced Supervisor training was revamped to ensure consistent and efficient leadership across County departments.
- 9. Each quarter employees are nominated for employee-led projects that highlight the county's core practices and values. These projects are either Innovator or Inspirator nominations. Innovator nominations increase & improve Leon County services or products while resulting in cost savings or avoidances. Inspirator nominations inspire fellow employees and raise the public's awareness of the County's community relevance as well as promote our "People Focused, Performance Driven" culture. FY 2025 and FY 2026 estimate 80 employees' nominations.
- 10. There was an increase in the number of new employees on-boarding completion in FY 2024 due to several natural disasters occurring, which attributed to decreased availability for staff and in some instances a rescheduling of on-boarding efforts causing the timing to exceed the 30-day period. FY 2025 and FY 2026 estimates of 90% are based on an anticipated return to previous years participation levels, barring no additional natural disasters.

Notes:

- 1. Since FY 2022, Leon County Emergency Management communicated disaster preparedness messages approximately 3.6 million times, 180% of the County's five-year Target. This number reflects the County's increased level of communication associated with the COVID-19 pandemic, such as promotion of the Leon CARES and COVID-19 Vaccine campaigns, as well the County's preparation and response efforts related to Hurricane Ian (September 2022) and Hurricane Idalia (August 2023). At the January 2024 Retreat, the Board approved increasing the five-year Target to communicate more than 2 million disaster preparedness messages (was previously 1.4 million); however, this increase did not account for any future incidents that may take place and the associated increase in disaster preparedness messaging/impressions. Most recently, the County led an increased level of communication in response to the squall line of storms in January 2024, the Bicentennial Storm in April 2024, the severe tornadoes that hit the community on May 10, 2024, as well as Hurricane Debby and Helene preparedness messaging. As a result, the County has continued to exceed its Strategic Target in communicating disaster preparedness messaging due to another unprecedented year of emergency activations and response to threats in our community in FY 2024.
- 2. Bold Goal & Target figures for FY 2025 and FY 2026 are estimates. Actuals for FY 2025 will be reported at the Annual Board Retreat in January 2026.

Notes:

- 1. Exercises provide an opportunity to test plans and procedures in a simulated experience. Federal guidelines require emergency management to participate in a minimum of three exercises per year.
- 2. The number of licensed health care facilities reviewed fluctuate as businesses open and close year to year.
- Emergency Management conducts a variety of presentations including a youth preparedness educational program "Billy the Bucket" and neighborhood based "Leon Ready" program. Additionally, Emergency Management plans monthly meetings with partners on all aspects of disaster response.

Notes:

- 1. Since the start of FY 2022, the County has made over 37,500 volunteer connections, 75% of the five-year Target. The County is continuing its progress by connecting citizens with internal volunteer opportunities with the County libraries, internships, and special events, and other opportunities with community service partners to reach the five-year Target of 50,000 volunteer connections.
- 2. Bold Goal & Target figures for FY 2025 and FY 2026 are estimates. Actuals for FY 2025 will be reported at the Annual Board Retreat in January 2026.

	Number of county departments utilizing volunteers annually ³	25	27	30	32

Notes:

- 1. This performance measure varies year by year based on the number of volunteer opportunities within the community. In FY 2025, the number of volunteers is expected to increase 42% as the number of special events increases during the Bicentennial Celebrations as well as in FY 2026 due to increased community outreach.
- 2. The dollar value of volunteer time is obtained from the Independent Sector, which is a resource to quantify volunteer time. The dollar value of volunteer time decreased in FY 2024 because volunteers contributed fewer hours. However, the estimated dollar value is anticipated to increase in FY 2025 and FY 2026 due to increased volunteer hours and elevated average earnings of private sector workers.
- 3. The number of Departments utilizing volunteers is expected to increase in FY 2025 and FY 2026 due to continued VolunteerLEON staff training.

Purchasing – Procurement (001-140-513)

Goal	The goal of the Procurement Program is to provide: 1) timely and professional procurement services to secure requested supplies, services, and commodities at a specified level of quality and at the lowest possible cost, through open and fair competition; and 2) an exemplary records and management control program for the tangible personal property of Leon County.
Core Objectives	 Review all purchasing activity for compliance with Purchasing Policy and applicable state laws. Process requisitions and purchase orders and assist departments/divisions with technical information, quotes, and purchasing related requests. Obtain price quotes, prepare and receive informal bids, review state and cooperative purchasing contracts for vendor sources and best pricing. Provide accounts payable assistance to vendors and staff. Prepare, advertise, and receive Bids, Invitations to Negotiate (ITN's), and Requests for Proposals (RFP's), and coordinate the evaluation processes for those Bids, ITN's, and RFP's. Administer the County procurement card program: provide cardholder training, card management, and audits of card activity. Implement and provide contract management services for County-wide services contracts such as uniforms, prescription safety glasses, and safety boots. Administer the County property control program: maintain property control records, perform and reconcile property inventory, and provide technical assistance and training to Property Custodians.
Statutory Responsibilities	Leon County Government Purchasing Policy (revised 07/13/2021), Purchasing Card Policy (revised 5/9/2023), and Tangible Personal Property Policy (revised 06/08/2021); Florida Statute, Chapter 255 "Public Property and Publicly Owned Buildings"; Florida Statute, Chapter 274 "Tangible Personal Property"; Florida Statute, Chapter 287 "Public Procurement"; Office of Economic Vitality, "Minority, Women, and Small Business Enterprise Policy."

Notes:

- 1. The division anticipates processing completed requisitions and purchase orders within two days.
- 2. The division anticipates processing all bids/RFPs within 45 workdays of receipt of request.
- 3. The number of purchase orders fluctuates year to year due to operating, capital improvement project and maintenance needs, as well as unforeseen events such as hurricanes.
- 4. The estimated FY 2025 and FY 2026 rise in purchase order values can be attributed to inflationary cost increases and the acquisition of several high-value items, such as ambulances and dump trucks.
- 5. In FY 2024, there was a 16% increase, and in FY 2025, a projected 23% increase in the value of purchases processed by the Central Purchasing Office per FTE. These increases occurred as the number of FTEs remained constant while the overall value of purchase orders continued to rise.
- 6. In FY 2024, the number of bids issued decreased by 27%, primarily due to a reduction in capital project requests and a strategic decision to limit rebids in cases where responses were insufficient. In such instances, Purchasing exercised the negotiation options permitted under Florida Statutes to best serve the County's interests. While Purchasing will continue to leverage all available procurement methods, the number of bids in FY 2025 and FY 2026 is expected to increase due to anticipated new projects and the expiration of several continuing service agreements (CSAs) that will require replacement.
- 7. Purchasing card volume is anticipated to continue to increase in FY 2025 and FY 2026 due to rising costs and a focused effort to use purchasing cards more strategically to reduce administrative expenses and maximize rebate opportunities. The purchasing card rebate is anticipated to increase slightly as it is directly related to the purchasing card volume.
- 8. The number of assets decreased in FY 2024 due to a comprehensive review of inventory records that identified approximately 1,200 property items that needed to be officially removed from the inventory list. While these items have been properly accounted for and disposed of over the past decade, they were inadvertently left on the inventory list. Additionally, staff identified 1,500 items that fall below the tangible personal property threshold and are therefore not required to be included in the inventory. The number of assets is anticipated to increase slightly in FY 2025 and FY 2026 as new assets such as computers and ipads are purchased. The value of assets is directly related to the number of assets.
- 9. In FY 2024, the number of auctions increased due to a surge in vehicle deliveries, which enabled the auctioning of older vehicles. However, the number of auctions in FY 2025 and FY 2026 is expected to return to the pre-post-COVID average, as vehicle and equipment delivery levels stabilize.
- 10. The value of the auctions saw a significant rise in FY 2024, attributed to both the greater number of auctions held and the types of items being auctioned. The division does not anticipate the drastic increase to continue into FY 2025 or FY 2026 as the flux of deliveries received in 2024 were the bulk of the overdue equipment orders due to supply chain difficulties.
- 11. Fewer pre-bid meetings were held in FY 2024 than originally anticipated, primarily due to the decrease in the number of solicitations and rebids. However, the division expects the number of pre-bid meetings to increase in FY 2025 and FY 2026, driven by the complexity of upcoming CIP and FDOT projects, as well as the adoption of MWSBE policy amendments, which will require pre-bid meetings for all solicitations containing MWSBE aspiration goals. Additionally, the expiration of several complex continuing service agreements (CSAs) will contribute to an increase in pre-bid meetings.
- 12. The division does not anticipate any formal protests during FY 2025 and FY 2026.

- 2. Other operating costs associated with business subscriptions for the procurement of materials and supplies. These subscriptions allow for streamlined purchasing, reduced shipping timelines and overall cost savings.

S	\$ volume of issuances ⁴	\$548,022	\$743,477	\$755,151	\$755,902

Notes:

- 1. The anticipated decrease in the cost per issuance in FY 2025 and FY 2026 is due to fewer storms than were experienced in FY 2024.
- The operational cost percentage of total dollar value of issuances is expected to be lower in FY 2025 than anticipated due to bundling purchases, leveraging discounts and sourcing reduced pricing for bulk purchases. A slight increase is anticipated in FY 2026.
- 3. The anticipated decrease in the number of issuances in FY 2025 and FY 2026 is due to more strict departmental oversight of issuances.
- 4. The FY 2025 and FY 2026 anticipated increase in dollar volume of issuances is due to the increased inventory of FDOT Certified Lime Rock, Road Base and Sand.
